## Take Notice!

The people of Sonoma Valley who are interested in the welfare of this section should wake up the Board of Trade or form some promotion body for the purpose of judiciously and systematically distributing the handsome booklets which are in this office waiting to be sent out. Who will come forward and take this matter in hand? The books are for free distribution and all who subscribed to them should interest themselves in having them properly placed.

The upper crust of society sometimes has the "dough" but often the dough is very short and this strata of the social world then depends on its ancestry to further its ambition. The ancestry is not always what it is cracked up to be but we disagree with a contemporary who claims that the Mayflower ancestors and the founders of old New York State were no better than the average immigrant of to-day who leaves his country because he can no longer do well there. The spirit of the pioneer of the old days is something to be proud of. He had to conquer and make a path through the wilderness. The modern immigrant comes to civilization and none of the hardships of the pioneer. We owe praise and should do honor to the founders of our country and their progeny. If the upper crust of society be made of such good stuff it has better material in it than riches and title could supply. Society as we see it needs reorganization and if there were a social law, as there is a pure food law, few cases would stand the test of genuineness.

That the natural impulse is to put trust and faith in our fellows seems evident for it is demonstrated every day and often taken advantage of. There is an inherent deeply-rooted, beautiful confidence in man. What perfection this trait might attain if it were allowed to mature. But the blight it suffers from the human class makes the ideal impossible. It must be a natural law, this faith in our fellows—or why should it persist as it does? The victims are as easily fooled as ducks are by decoys, for human men look just as good to them as the best of us until it is too late. We deplore the existing conditions but perhaps it is better to have faith that costs than never to have to had faith at all. The burned child fears fire but that doesn't inspire all the others with fear any more than the tale of one man lynched will convince others that they are in danger.

STATESMEN, warriors, diplomats, these must all be embodied in a nation that a people may gain a prestige and become a power among powers in the word of this era. The most delicate and subtle yet the most binding and exact is the character of diplomacy. The language of diplomacy is easily misinterpreted. We have an instance of it at the present time in President Roosevelt's attempt to adjust a small difficulty of alien privilege in which the Japanese are the principals. He throws them sop in the message and tickles their vanity but his diplomatic idea is not understood by the majority of Californians. The president is almost too blunt to make a good diplomat. He is apt to lay it on too thick. It may serve to fool the Japanese in believing that they are "it" but at the same time it is apt to cause a deplorable antagonism among our own people.

The only time that we are inclined to pity Mayor Schmitz is when he is referred to as "that basson player." If he ever was a true musician, which he evidently was, it must rankle his artistic soul to read so painful an illusion. We all know what Shakespeare said of the man who hath not music in his soul and is not moved by concord of sweet sounds, but here is a conflicting, contradicting specimen who has the music and yet is accused of the treason, strategy and spoils which are supposed to be allied with the unmusical only. How can we reconcile these two facts. Schmitz faced a different kind of bars as an orchestra leader than he does now as a political leader. Perchance he sighs for the good old days.

The representatives at our capital who, according to their injured attitude are misrepresented, at least want their constituents to believe that they are not having soft seats wherever they have purchased cheap chairs. If the \$1 chairs are filled with \$4 men it is not so sad a spectacle as if \$4 chairs are filled with \$1 men. The seats of the mighty at Sacramento show a beautiful simplicity that is really touching.

There was a time when the merits of a play were attested to by the hundreds of nights it ran in New York or elsewhere. Now days the success of a play depends upon the nights it is not allowed to run. Just one night and then suppressed—that is the keynote of success as was instanced by "Mrs. Warren's Profession" and "Salome."

Rapid changes of temperature are hard on the toughest constitution.

The conductor passing from the heated inside of a trolley car to the icy temperature of the platform—the canvasser spending an hour or so in a heated building and then walking against a biting wind—know the difficulty of avoiding cold.

Scott's Emulsion strengthens the body so that it can better withstand the danger of cold from changes of temperature.

It will help you to avoid taking cold.

ALL DRUGGISTS: 50c. AND \$1.00.

## HAPPENINGS IN THE SUPERIOR COURT

Judges Seawell and Denny Pass Upon Many Cases on Calendar Day.

The calendar day proceedings in the Superior Court on Monday were in brief, as follows:

In Judge Seawell's department the sales of real estate and personal property of the estate of Mrs. H. H. Paxton were confirmed and the settlement of the accounts continued to March.

The matters in the estate of Teresa Wensinger, Cole vs. Cole, and Moore vs. Moore, were continued to February 11.

The case of the State vs. Dick Bill was continued to February 11. In Judge Denny's department the demurrer was argued and submitted in the suit of the Sonoma Stone and Construction Company against F. Bertolani et al.

The suits of I. B. Henry vs. City of Santa Rosa, Wheeler vs. Wheeler, Keating vs. Union Trust Company, Burris vs. Flannigan, and Chartrand vs. Union Trust Company, to February 11.

The trial of the suit of Maionchi vs. Nichelini was set for February 21.

A petition to sell real property of the estate of J. J. Gifford was granted.

Frank Leison was granted letters of administration on the estate of Dora Leison in a bond of \$1250.

The final account of the estate of Delitha Cooper was settled and allowed.

The petition to set aside the homestead in the estate of May E. Pierce, was granted.

In the estate of Antonia Turcatti a family allowance of \$25 per month was granted.

The final account was settled and distribution ordered of the estate of William Board.

### Rising from the Grave

A prominent manufacturer, Wm. A. Fertwell of Lincum, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters I feel like one rising from the grave. My trouble is Bright's disease in the diabetic stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed by L. S. Simmons, druggist. Price only 50c.

### Damaged by the Rain.

The tremendous downpour of rain last Friday night and Saturday morning did considerable damage in several stores in town. Hot's dry goods store suffered the most owing to a leaky roof caused by the earthquake last April, which badly shattered the Adler building in which the store is located.

### A Valuable Lesson

"Six years ago I learned a valuable lesson," writes John Pleasant of Magnolia, Ind. "I then began taking Dr. King's New Life Pills, and the longer I take them the better I find them." They please everybody. Guaranteed at L. S. Simmons, druggist, 50c.

### A Habit to Be Encouraged.

The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy saves herself a great amount of uneasiness and anxiety. Coughs, colds and croup, to which children are susceptible are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear it will prevent the attack. This remedy contains nothing injurious and mothers give it to little ones with a feeling of perfect security. Sold by L. S. Simmons.

### Hunting for Trouble

"I've lived in California 20 years and am still hunting for trouble in the way of burns, sores, wounds, boils, tuts, sprains, or a case of piles that Pucklen's Arnica Salve won't quickly cure," writes Charles Walters of Alleghany, Sierra Co. No use hunting, Mr. Walters; it cures every case. Guaranteed at L. S. Simmons' drug store. 25c.

\$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80 PER PAIR

Regular Price \$8.50 per pair. Now \$4.80 per pair. Introduce You Will Sell You a Sample Pair for Only 4.80 OUT THE AIR

NO MORE TROUBLE FROM PUNCTURES. Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire. Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than ordinary tires, the puncture resisting qualities being given by several layers of linen, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Back-Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped and day letter received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented. We will allow a cash discount of 5 per cent (thereby making the price \$4.56 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Simpson metal pumps, one closes on full pump orders (these metal pumps close to be used in case of punctures or heavy loads). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look better than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

COASTER-BRAKES, built-up wheels, saddies, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDAY catalogue. DO NOT WAIT but write us a postal today. DO NOT THINK OF BUYING a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write NOW.

**Mrs. Hill Presided Over Women's Clubs**

Mrs. Robert Potter Hill, President of the California Federation of Women's Clubs, left for Bakersfield Monday morning, where she presided over the three days' session of the sixth annual convention of the club.

Mrs. Hill is one of the most popular club women in all California and she was urged on all sides to accept another term as president. This she was loth to do as the duties are most exacting and very arduous. However, strong inducements were brought to bear upon her to accept the office of General Secretary of the Federation, to which she was unanimously elected at yesterday afternoon's session.

Mrs. Hill has made during her incumbency a tactful, forceful and successful parliamentarian and has presided over the deliberations of the State Club the past year with dignity, grace and ability.

Mrs. E. D. Buss of Bakersfield is the Federation's new President. The other officers elected were as follows: Vice President, Mrs. Bryant of Los Angeles; Vice President at Large, Mrs. Woodbury of Oakland; Recording Secretary, Mrs. J. Benson Wren of Bakersfield; Corresponding Secretary, Mrs. L. Edna Kvar of Kern; Auditor, Mrs. Dixon L. Phillips of Hanford; General Federation Secretary, Mrs. Robert Potter Hill of Sonoma; Treasurer, Mrs. N. Blee of Santa Ana.

## REVENUE OFFICERS AFTER MOONSHINERS

**Make a Descent Upon Illicit Distillers and Discover Many Violators Of Internal Revenue Laws.**

Internal Revenue Officers N. J. Savers and Sherman T. Williams, together with several assistants have been looking after Uncle Sam's interests in this valley all week, with the result that several illicit distilleries have been seized and a number of violators of our internal revenue laws have been ferreted out and placed under surveillance.

The investigations of the officers have been conducted very quietly and secretly and they are very reticent in regard to the seizures made and the lax methods of observing the internal revenue laws. It is said, however, that at least a dozen well-known winemakers and liquor dealers in both town and valley have been caught in the meshes of the Federal law and have paid fines varying between \$50 and \$150. Others are more seriously involved and will suffer serious financial loss by seizure of property and heavy fines.

The internal revenue officers are still here and the end is not yet.

## Death of H. C. Whiting.

H. C. Whiting, for many years general manager of the California Northwestern railway, died in San Francisco on Friday last week.

The deceased was a brother of Chas. Whiting of this place. The remains were brought here Sunday on a special funeral train and temporarily placed in the public receiving vault in Mountain Cemetery.

The funeral was held under the auspices of the Masonic fraternity the Master of Richmond Lodge officiating.

Mr. Whiting was one of the oldest and best known railroad men in Northern California. For years he was the general manager of the California Northwestern railway and was succeeded by Jas. L. Frazier in 1904. He then became the purchasing agent of the company, which position he filled up to the day of his death.

**Married In St. Bridget's Church.**

A. D. Graham of El Verano and Miss Mary Cooper of San Francisco were married in St. Bridget's church in the latter city last Wednesday morning. After the ceremony the happy couple left for Southern California where they will spend their honeymoon. Upon their return Mr. and Mrs. Graham will take up their residence on Petaluma avenue, El Verano, where the groom has prepared a cozy home for his bride.

Mr. Graham is well and favorably known in our valley, and at present is the efficient road overseer for Sonoma Township.

## Fernando Adami is Dead.

Fernando Adami, a well known Italian resident of this place, died at the home of L. Quartaroli last Monday. He had long been a sufferer from rheumatism. He was a native of Italy and aged 47 years. The funeral services were conducted in St. Francis' church by Rev. Father Leahy Wednesday afternoon after which the remains were interred in Mountain cemetery.

## Death of an Infant.

The infant daughter of Mr. and Mrs. W. O. Hocker, which was born on Thursday of last week, passed away the following Saturday night, two days after birth.

Miss Ramona Granice was tendered a surprise party by her girl and boy friends, at Orange Lodge, the home of her father, on Wednesday evening of this week. The little folks numbered seventeen and they took complete possession of the home for several hours, and enjoyed themselves immensely in the playing of games and partaking of light refreshments.

## THE BOARD OF CITY TRUSTEES

**Meet in Regular Monthly Session—Bills Allowed—Other Matters.**

The Board of City Trustees met in regular monthly session last Wednesday evening, all the members being present.

The minutes of the previous regular meeting having been read and approved, the following bills were allowed and ordered paid:

A. M. Harashty, labor and material, \$12 25  
J. A. Albertson, salary, 15 00  
Robt. Pope, salary and express, 121 25  
R. P. Norris, repairs, 3 00  
L. Meffe, hauling gravel, 32 00  
L. V. Emparau, water, 45 00  
Sonoma Valley Co., electric light, 36 40  
J. H. Pooler, cleaning fire apparatus, 6 00  
Mrs. J. A. Pope, supplies, 50 00  
Joseph B. Small, expenses, 5 00  
Total, \$247.40

A rebate of \$70 was allowed the members of the Sonoma Volunteer Fire Company on road poll taxes paid by them to the tax collector.

The bill of M. Topete, the photographer, for \$1 was laid over, having been referred to the finance committee.

The contract with the Sonoma Valley Company for street lighting was continued for another month.

The trustees accepted an invitation to the annual banquet of the volunteer firemen next Wednesday evening at the Union Hotel.

A resolution was introduced by Trustee Breitenbach and adopted granting Messrs. Rose, Campbell and Pope the privilege of laying an oil pipe across First-street East.

The street committee was authorized to expend \$25 for gravel for street repairs. Also, to have the bridge on Napa street repaired.

The Board then stood adjourned.

## Sonoma Literary Society.

The "Evening with Tennyson" held at the home of Prof. and Mrs. T. A. Lewis on Monday, Jan. 28th, was very enjoyable. The following was the program given:

Instrumental Solo—Miss Emily Pope  
Reading—Tennyson's "Ode to Memory"  
Miss Long  
Paper—Tennyson's Life and Works.  
Song—"Crossing the Bar"  
Miss Clewe, Miss Weber and Miss Davis  
Paper—Comparison between Longfellow and Tennyson  
Mr. Cragin  
Quotations from Tennyson  
Corset Solo—By the Members

Charades constituted another enjoyable feature. The next meeting of the Literary Society will take place at the Stofen residence Monday evening, February 11th. It will be an "Evening with Franz and Mendelssohn," with plenty of good music and novel games along musical lines. A cordial invitation is extended to the members and their friends.

## No Delinquents.

The second installment of city taxes became delinquent last Monday evening at 6 o'clock. Tax Collector Albertson states that there are no delinquents this year, both the first and second installments being promptly met by our taxpayers. This speaks well for Tax Collector Albertson, who has a penchant for gathering in the city's shekels.

## Neighbors Got Fooled

"I was literally coughing myself to death and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive, but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four \$1.00 bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncahper of Grovetown, Stark county, Ind. This kind of cough and cold cures and healer of throat and lungs is guaranteed by L. S. Simmons, druggist, 50c and \$1.00. Trial bottles free.

The Daily Call and Index-Tribune \$9 per year for both papers.

## IS THE ROBIN A PROTECTED BIRD?

**A Diversity of Opinion on This Much Mooted Question Gets Hunters Into all Sorts of Trouble.**

Is the robin a protected bird? District Attorney Lea and County Game Warden Ingalls says "no." The State Game and Fish Commissioners says "yes." This diversity of opinion on this much mooted question is getting local hunters into all kinds of trouble and the only clear way out of the difficulty that we can see is to let the birds alone until a test case in our courts can decide the matter. The following clipped from the Cloverdale Reveille of last Saturday is a case in point:

"Sam Adecock of Cloverdale received an official visit Thursday from Arthur M. Fairfield of the State Fish and Game Commission. The visit was rather unexpected, but still it was not an unpleasant one. It seems that Sam had been reading one of the Santa Rosa papers and saw that District Attorney Lea had given County Game Warden Ingalls an opinion that he would not prosecute for killing robins, on the ground that under the law they are not protected, being a game bird.

"Robins are plentiful in this vicinity, so Mr. Adecock started out with shotgun and returned with fifteen dozen birds. He packed the birds in a box and shipped them to San Francisco, consigned to himself. Thinking he might have trouble in getting them through Wells-Fargo, he labeled the box 'pigeons.' The commissioner seized the box upon arrival in the bay city and immediately Mr. Fairfield was ordered to come to Cloverdale and look up Mr. Adecock. When seen Mr. Adecock stated he had read the District Attorney's opinion and had no thought of violating the game law. The commissioner was brought to the Reveille office and furnished the clipping from the county seat paper, which he took with him, and will take up the matter with the game commission. Whether the game commissioners will take the same view of the matter as the District Attorney remains to be seen. Anyhow, Sam was not molested, but he is minus the birds."

## LAST SATURDAY MORNING'S STORM

**Converted Lower Part of Valley into a Ragging Sea of Water and Tied up Trains.**

The rainfall on Friday night of last week and last Saturday morning was the heaviest ever known in this valley. The precipitation for the twelve hours up to six o'clock Saturday morning was over five inches. The immense downpour flooded the lower part of the valley south of Vineburg to a depth of from four to eight feet. Several hundred feet of track of the California Northwestern railway was swept from the road-bed by the raging torrent of muddy water and rendered the road impassable for trains for eight or ten hours. The morning passenger train for San Francisco and way stations was turned back near Schellville by the swirling waters and washouts, and could not get through until 4 o'clock in the afternoon.

The rain subsided during the forenoon and the water rapidly receded, falling eight feet in less than six hours. This enabled a big force of track repairers to repair the breaks temporarily for the passage of trains. The Southern Pacific and Napa branch trains were also tied up for six or eight hours south of this place. Aside from the damage suffered by washouts on the railroads and to fencing little harm was done by the high water.

## City Funds.

City Treasurer Burris at the meeting of the Trustees held last Wednesday evening reported the following money in his hands:

City Hall Fund, \$15,500 00  
Furnishing and Equipment Fund, 327 34  
Bond and Int. Fund, 1057 95  
General Fund, 1705 59 8  
Total, \$18,590 88 8

## WERE WEDDED IN OAKLAND MONDAY

**Chas. Clifton Bean Claims as His Bride Miss Ruth MacQuiddy.**

At the home of the bride's parents, Mr. and Mrs. T. J. MacQuiddy, of Oakland, the only daughter of the family, Miss Pauline Ruth MacQuiddy, became the bride of Mr. Charles Clifton Bean on Monday last.

Rev. C. C. Cragin, pastor of the Congregational church of this place, pronounced the words which joined together this happy couple until death do them part.

The wedding was a pretty home affair, to which only relatives and the immediate friends of the family were bidden.

The day selected by the bride as her wedding day—February 4th—is one of historical note in the MacQuiddy family. Major and Mrs. MacQuiddy, the grand parents of the bride, were married on February 4th, 1847, and Mr. and Mrs. John T. MacQuiddy, the parents, joined hearts and hands on February 4th, 1874.

The young couple after a brief honeymoon abroad will return to Oakland, which will be their future home.

## BALDWIN ELECTRIC RAILWAY FRANCHISE

**Bond of \$1000 Declared Forfeited by the Supervisors.**

At Thursday's meeting of the Board of Supervisors the \$1000 bond given a couple of years ago by O. C. Baldwin of San Francisco guaranteeing the construction of an electric railway in the valley, was declared forfeited. The Supervisors also instructed District Attorney Lea to commence proceedings to recover the bond.

It will be recollected that Baldwin came up here two years ago and with a great flourish of trumpets announced he was in the field to build an electric railway which would run from Sonoma to tide water on the south and Santa Rosa on the north. He applied for and secured a franchise for his embryo road from the Supervisors but failed to secure a franchise from the City Trustees of this place, being outbid for the privilege by Messrs. Schocken and Weber, who were first in the field.

Aside from the granting of these franchises nothing doing down this way in the matter of electric railway building, but it is understood that Mr. Weber is at present engaged in an effort to finance his road on Wall street, New York.

## FOR THE LITTLE ONES.

How a Grateful Cat Repaid Its Mistress' Kindness.

Nearly every child is fond of cats, and many of you own these household pets. A pretty story is told of the gratitude of a cat to a kind friend who helped it in distress.

One day the cat ate some rat poison, and its sufferings were so great that it would dip its paws in water to cool them, though cats are not very fond of water.

At last she went to the lady and, looking up in a pitiful way, seemed to ask for help. The lady bound it up in wet cloths and gave it medicine and gruel and took the best care of it until it was well again.

One night after the lady had gone upstairs she heard a mew at the window, and as she opened it the cat jumped in with a mouse in her mouth and laid it at the lady's feet.

She did this every day for a long time, and when she afterward caught mice for her kittens one was always laid aside for the lady.

If the kittens tried to eat this she gave them a little pat. After awhile the lady would take the mouse and then give it to the kittens, the cat seemingly much pleased to see them eat it.

Queer Wager.

A little boy said to his sister the other day, "I bet I can coax you to set fire to your dress."

"Well, I just guess you can't," she cried scornfully.

"What do you bet?"

"You are silly. Of course you cannot. Why should I bet anything?"

"Well, I'm willing to wager my new jackknife."

"All right," laughed she. "I'll wager my Paris doll you cannot."

Then the boy began:

"Please set fire to your dress! Please, please do!"

"Are you tired?" asked his sister at length.

"Well, I've won my bet, all right. I said that I could coax you to do it, and I have," said the boy.

The Largest Grapevine.

Down in southern California, in the beautiful, sun-kissed Carpinteria valley, a valley safely sheltered by the Santa Ynez mountains, a young Spanish woman named Joquin, Legodi Ayala planted a small grape twig in the year 1842.

And as the years followed one another the twig grew and grew till today it is the largest grapevine in the world. At the ground the trunk, which long ago ceased to be a vine, measures ten feet in circumference. At a distance of five feet above the ground its girth is seven feet eleven inches. The trellis, which is completely hidden by branches and runners, is 100 by 110 feet in dimensions, thus covering about one-fourth of an acre of ground.

Cork Will Sink.

Cork, though the most buoyant substance, will not rise again if sunk 200 feet below the water's surface.

The Magic Glass.

Pour water into a wineglass until it is nearly full and place the palm of your hand squarely over the mouth of the glass, taking care

to bend your fingers at a right angle, as shown in the lower illustration.

Still holding your hand firmly upon the glass, stretch out your fingers suddenly in a horizontal position, and this will produce a partial vacuum under the palm, which will permit you to lift the glass from the table.—Chicago News.

To Copyland.

When all the world is dull and gray and rain comes slanting down. Don't stop to fret, but ride away, away to Wonderland. The broad road stretches wide and white and free on either hand. And you can always find the car that runs to Storyland.

For A B C is motorman and any book the car. Why, you can go wherever you plan and travel near or far. See all the sights you long to see, and isn't it just grand?

To think you never pay a fare to get to Storyland! — Youth's Companion.

His Flowers.

"I heard in my youth," said Sir Charles Murray, "one of many curious stories of Sir John Shaw. He was most eccentric in his appearance and dress and cared nothing for tidiness in the grounds immediately surrounding his house. One day he invited two gentlemen from Edinburgh to dine with him at Carnock. As was the custom of the time, they appeared before dinner in knee breeches, silk stockings and thin shoes. The weather being fine, Sir John invited them to take a turn in the garden. Civilly and thoughtlessly they followed their host and soon found themselves skipping among nettles and thistles, to the great discomfort of their unfortunate calves. Sir John, who was clad, as usual, in corduroy breeches and top boots, said to them, with polite gravity, 'Step out, step out, gentlemen. You'll not hurt my flowers.'" — Cornhill Magazine.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack.

For sale by L. S. Simmons.

Safe In His Pocket.

The late Duke of Cambridge used to tell with considerable relish the following story of a friend of his, a celebrated colonel:

During the Egyptian war of '82 Major — was shot in the knee, and the projectile made a hole of some depth. When the surgeons were probing the wound and causing endless torture the poor officer begged to know what they were hunting about for.

"We're searching for the bullet," was the reply.

"What! Looking for the bullet? Why, I've had it in my pocket all the time." — Pall Mall Gazette.

Common Colds are the Cause of Many Serious Diseases

Physicians who have gained a national reputation as analysts of the cause of various diseases claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Every one knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis and all throat and lung trouble are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other harmful drug and has thirty years' reputation back of it, gained by its cures under every condition. For sale at Simmons' drug store.

To Bleach Lace Curtains.

The safest way of bleaching is the old fashioned way, of letting the sun do most of the work. Lay the curtains in warm water to which you have added the juice of six lemons and leave them there all night. In the morning lay them in the hottest sun you can find and wet hourly with sour water. At night leave in cold water and repeat the lemon juice process next day. It will not rot the muslin, as most bleaching powders do. Finally wash in the usual manner.

Fireproofing Cloth.

There is a very simple process by which muslin used for ladies' and children's dresses may be protected from fire. Dissolve a small piece of alum in the water in which muslins are rinsed. When dry, if a light be put to them they will smolder slowly away, but not break into a blaze. And this is far from being injurious to muslin, but improves its appearance greatly.

Needlework Notes.

An undershirt that is outgrown can be lengthened either by a yoke at the top or a ruffle at the bottom.

To mend large holes in socks or in merino underwear tack a piece of strong net and darn through it. The darn will be stronger.

To Remove Onion Odor.

To remove the smell of onions or fish from the frying pan put a little vinegar in it directly after using and put over the fire a few minutes. Then wash again in soapy water.

Lame Back.

This ailment is usually caused by rheumatism of the muscles and may be cured by applying Chamberlain's Pain Balm two or three times a day and rubbing the parts vigorously at each application. If this does not afford relief, bind on a piece of flannel slightly dampened with Pain Balm, and quick relief is almost sure to follow.  
For sale by L. S. Simmons.

Remark Detracted Him.

He sat in the smoking compartment of the parlor car complacently puffing a perfect. His easy manner and his polished language proclaimed him to be a man of the world.

"Of one thing I am certain," he said, "and that is that I understand women thoroughly and completely." His fellow passengers looked at each other uneasily and made various excuses to leave the compartment.

Two keepers boarded the train at the next station and took the solitary smoker into custody. He had escaped from an insane asylum that morning.

Even from the Mountains

Ballard's Snow Liniment is praised for the good it does. A sure cure for Rheumatism and all pains. Wright W. Loving, Grand Junction, Colo., writes: "I used Ballard's Snow Liniment last winter for Rheumatism and can recommend it as the best Liniment on the market. I thought at the time I was taken down with this trouble that it would be a week before I could get about, but on applying your Liniment several times during the night I was about in 48 hours and well in three days."  
Sold at Simmons' drug store.

Manner of Leaf Fall.

The manner in which the leaf fall proceeds in different trees is noteworthy. The ends of the branches lose their leaves first in the ash, beech and hornbeam, when the body of the tree is still clothed with bright foliage. The poplars and willows have an exactly contrary habit, for when the trunk is stripped of foliage the branch ends are still decorated with a few lone leaves which wave like ragged banners beneath the November sky. It is remarkable how tenaciously these last leaves cling to the tossing boughs. At last they also come hurtling to the frozen ground, and the bare trees of the forest give forth once more, under the strong wind's urging, that stern, sonorous music which will last throughout the winter.—St. Nicholas.

Don't Put Off

Until tomorrow what you can do today. If you are suffering from a tooth-ache, or constipation, don't wait until tomorrow to get help. Buy a bottle of Herbine and get that liver working right. Promptness about health saves many sick spells. Mrs. Ida Gresham, Point, Tex., writes: "I used Herbine in my family for six years and find it does all it claims to do."  
Sold at Simmons' drug store.

A Stitch in Time

Will save nine. So will a bottle of Ballard's Horehound Syrup always kept on hand save many a spell of sickness. A sure cure for coughs, colds, bronchitis and whooping cough. Mrs. S., Hot Springs, Ark., writes: "I keep a bottle of Ballard's Horehound Syrup in my medicine chest and thank my forethought many times. It has prevented many severe spells of sickness."  
Sold at Simmons' drug store.
